Leader for the main sessions is our moderator **Malin Rönnblom**, senior lecturer from Umeå University.

The conference will be arranged at Folkets Hus, and there will be exhibitions presenting interesting projects relating to all our six themes.

We start on Tuesday evening, 17 September, with a reception. The following evening we will gather at Norrlandsoperan for a cultural event.

The conference will deal with the following six sustainability themes:

Sustainable consumption

Sustainable health and welfare

Each theme will be discussed in sessions relating to challenges, best practices, study excursions and visions. When you register, you build up your own program.

You are most cordially welcome!
